## MILLAR & HITCH TAKE ON THE WORLD'S GREATEST COMIC MAGAZINE!

# DAILY BUGLE

## MILLAR & HITCH BRING YOU THE WORLD'S GREATEST COMIC MAGAZINE!

One of modern comics' most acclaimed creative teams reunites for a *Fantastic Four* story that could only be called "World's Greatest," as writer Mark Millar (*Civil War*, *Ultimates*) and artist Bryan Hitch (*Ultimates*) leave your jaws on the floor! *Fantastic Four* #554 kicks off the yearlong storyline that asks—and answers—these burning questions: Who is Mrs. Fantastic? How will her return shake the FF at their very foundation? And just who joins Invisible Woman's new super-team?

You've seen the team of Millar and Hitch redefine modern superhero comics with their groundbreaking *Ultimates* and *Ultimates 2*, but with their attention now on Marvel's First Family—what could they have planned? Two words: Doctor Doom. When the FF's world is thrown into chaos, Doctor Doom makes his long-awaited appearance...and the reasons behind it will shock you! Fans have always debated Doom's place among the greatest villains in comic history and once "World's Greatest" concludes, Millar & Hitch will show you exactly where he stands!

C'mon, True Believers, we're talking about Mark Millar and Bryan Hitch—"nuff said! The *Fantastic Four* will never be the same again—and it all begins in *Fantastic Four* #554!

Cover of THOR #7

## THOR LIKE YOU'VE NEVER SEEN BEFORE!

After a critically-acclaimed success, Thor's world has been reborn with Asgard on Earth. Loki now is the form of a woman and Thor himself has been taken to his very limits. But in *Thor #7*, the God of Thunder is brought to life like never before, under the watchful eyes of guest-artist Marko Djurdjevic! Many of Asgard's gods have been found and freed by Thor during his quest to restore his people... but what of Odin, father of Thor and ruler of Asgard? Can he be found? And, more importantly, should he be found?

From his gorgeous covers on the *Exiles*-winning *Daredevil* to his amazing interior work on *What If?* Civil War, Djurdjevic has quickly established himself as one of the most powerful new creative forces in comics. Employing a painterly style that adds breathtaking depth and nuance to every panel, this is a vision of Thor unlike any other in his first full issue of interior work! As a special bonus, Djurdjevic

and regular series artist Olivier Coipel have teamed up to create a special variant cover for this issue—and you need to see the results of this superstar pair to believe it!

Thor's world has been rocked by the machinations of others, but now will the nature of his father set him on a path of no return? And what of Loki's machinations with the deadly Dr. Doom? If you haven't checked out one of 2007's most critically-acclaimed new series, then don't miss *Thor #7*, locking off a series of events that promise to shatter the status quo!

## DESTINY ARRIVES FOR CLANDESTINE!

Rory Destine may seem like a normal everyday kid at school...but he's part of Marvel's *Breakout Family*—the *Destines*! Alan Davis' fan-favorite heroes return in *Clandestine #1* (of 5), written and penciled by the acclaimed master of their secrets may be revealed to the world! It's up to Rory and his twin sister Pandora to keep their abilities—and fantastic family history—secret from the public at-large, but when Rory decides it's time to become the enemy-fighting *Clandestine Crusader*, he crosses the suspicions of those close to him!

The mystery of Rory and Pandora's mother's identity has haunted the twins and now it's time for them to get their answers! As they embrace

their destiny as members of one of the world's most powerful lineages what they discover will shock them and readers!

Just who or what is going on coming calling as the Destine family's *Revenant* soul doorway? And will Rory make his dream of heroism come true...or face disappointment from his family? The centuries-old Destine family is about to get shaken up in *Clandestine #1* (of 5) in that action-packed style that only Alan Davis can bring!

**And what new villain debuts to menace the Wall-Crawler?**

**MOBY DICK DIVES INTO THE WORLD OF COMICS!**

Herman Melville's *Moby-Dick* is considered by many to be the Great American Novel. Well, Marvel is adapting this classic story in what will soon be declared the Great American Comic!

The latest offering from the criminally-tasteful Marvel Illustrated line, *Moby Duck* tells the well-known story of Captain Ahab and his near-obsessive pursuit of the giant white whale. But you've never seen Moby Duck quite like this.

Adapted by Ray Thomas, legendary Avengers writer, into the series helped the cartoon Marvel illustrate adventures (The Last of the Mohicans, The Lone Ranger and Man in the Iron Mask). Movie Deixis enough to live through the art of Puccini's *Alcina* or *Merlin* (1902), *Fantasia* (1940) and *Pinocchio* (1940) to a career by John W. Wain, whose recent work, *Pinocchio* (1940), *Alice in Wonderland* (1951), *The Wizard of Oz* (1955) and *The Wizard of Oz* (1955) are some of the most famous.

**Moby-Dick** follows the young sailor Ishmael as he takes a job on the whaling vessel known as the *Pequod*, and he quickly learns that he has been pulled into a quest for one whale specifically – a great white whale, one Ahab the *Pequod*'s captain (and literary inspiration for the X-Men villain of the same name) has become obsessed with slaying the whale, which he blames for the loss of his leg. But will this obsession lead to the waters doom of Ishmael and the entire crew of the *Pequod*?

Don't miss the new classic offering from the Marvel Universe line as *Mighty Dad* will make a name for itself.

*X-Men: Legacy* #212

*Young X-Men* #3

It's all leading towards July as *Uncanny X-Men* reaches its milestone 500th issue!

# AS THE X-MEN DISASSEMBLE, X-FORCE GETS TO WORK!

They are the best there is at what they do...but what they do isn't very nice. Coming this February, the hot new team leaping out of Marvel's ComicX, X-Force, gets their own ongoing series. Writers Craig Kyle and Chris Yost (New X-Men) and artist Clayton Crain (Sensational Spider-Man) present to all-new, X-Men intense X-titled!

In the wake of the mega-hit crossover event Messiah Complex, the X-Men have disbanded—dispersed across the world. The only active X-team is Cyclops' black-ops unit, X-Force. But X-Force isn't concerned with a peaceful coexistence between mutants and humans. No, Wolverine, X-23, Warpath, and Wolverine are all about bringing the fight to the bad guys!

And who are the bad guys? None other than Matthew Brennan's Perfidians, and their goal is to bring back all of the X-Men's deadliest enemies. Cyclops aims to make sure that doesn't happen, by any means necessary. And though he's the X-Man whose name is synonymous with lethal force...even Wolverine can't help but second-guess Cyclops' decision to cross the line that Xavier never would.

"The great thing about this series is not only the nonstop, fast-paced action, not only the fantastic, crisp writing by Craig Kyle and Chris Yost, not only the amazing, brutal art by Clayton Crain...it's the combination of the violence and the questioning of the violence," says series editor John Barber. "Not to make it sound all philosophical—make no mistake, this is a hard-fight action book—but even Wolverine has his doubts about the mission parameters."

In addition to studying Cyclops' sudden decision to cross into such a dark territory, Wolverine can't help but worry about the effects of X-Force's brutal missions on his teammates. He has already gone down that dark road, but he doesn't want to see the other members turn into what he's become.

Wolverine doesn't want to see X-23 lose the progress she's made in becoming human, rather than a just a programmed killing machine. He doesn't want to see an innocent like Rahne Sothcher there at all, and though he does not like or get along with Warpath, Wolverine doesn't want to see him become consumed by rage and revenge.

By this same token, Wolverine knows better than anyone else that Roxxon and his followers can't be allowed to succeed in their plan. So he sure isn't to miss **X-FORCE #1**, written by Craig Kyle and Chris Yost, and featuring stunning interiors and covers by Clayton Crain.

# THE IMMORTAL IRON FIST FACES THE GREEN MIST OF DEATH!

Experience the long-lost greatest action tale that Entertainment Weekly, *WWE Magazine*, *Anti-Corruption News*, *IGN* and more can't stop raving about in *The Immortal Iron Fist: Orson Randall and The Green Mist Of Death*. Rebirth writer Matt Fraction teams with the all-star art team of Mitch Breitweiser, Chris Bristow, Ross Heath and Lewis Larga, to see Iron Fist's beloved cover star Kaare Andrews' Fighting the Golden Age Iron Fist (Orson Randall) against the deadly Force of Oppression: this is the battle that's echoed through the ages—and will reflect the course Iron Fist, Danny Rand!

"Since Orson's had such an amazingly long life, we can place him in almost any kind of crazy time and place and situation and have him win," explains Fraction. "We can do stuff with Orson we can't do with Danny Rand." It makes sense that Orson was created around in the 1940s and 1950s, but he's the hero of pulp adventures that gave birth to the modern comic book. In the special above, there's an action hero story, a mystery, a western story and a trip to the distant planet of Africa. And you know that's just Orson. This is just his status quo. The story runs on the only we make up, so we had to make up the rules too, for an all-time greatest story we want to tell."

In the action-packed *Immortal Iron Fist Annual #1*, Danny Rand and readers alike discover the truth behind the Rand fortune—so just what kind of explosive secrets will be revealed this time? One thing is for sure—you can bet your bottom dollar that if it resonates through the pages of *Immortal Iron Fist* and impacts the daily living in tomorrow, currently unfolding!

It's a cut-deal-off of the most book in the most sense—there's a surprising reveal at the end of *Immortal*

and *Iron Fist #12* and this special fills in how that came to be. Fraction revealed: "It's a non-essential but completely integral part of the story to explain, but we're two issues away from the final issue of *The Seven Capital Cases of Heaven*—we couldn't stop to tell it. So the overall idea is to have the best of both worlds: the main title continues to evolve in the tale's conclusion without slowing down and the special lets us have some extra-sensational pulp that enhances the main story but isn't essential."

Next to all, we get to go out there to the late and great Mr. Bill (Orson) to whom we are in my "honored ones."

Combine the two—Fraction with a team of the industry's best artists—and a cup of mystery and a pinch of everything that is awesome about life, and you've got the epic story *The Immortal Iron Fist: Orson Randall and The Green Mist Of Death*. Set up, across the world and get ready for the battle of your life in comic books, as Orson Randall's story is revealed!

# T-BOLTS HEADED FOR AN INTERNATIONAL INCIDENT

Following the wake of Civil War and the widespread adoption of the Superhuman Registration Act throughout the Marvel Universe, the Thunderbolts became an all-new, all-deadly team of super-villains forced to be heroes by the U.S. government.

But two Thunderbolts members are not American citizens: Redstar, a Max built from Raven and the Swarthovian's native country is Germany. And in the new one-shot *Thunderbolts: International Incident* both men will be forced to choose between their team and their homeland or will they decide their loyalties lie with themselves and themselves only?

When the T-Bolts are on a mission that goes against the interests of the house concerns of Redstar's Max and Swarthovian, whose side will they choose?

Wrapped inside a gorgeous cover by Marko Djurdjevic, *Thunderbolts: International Incident* is written by Christos Gage, the mastermind writer of *House of M*, *Avengers*, *World War Hulk*, *X-Men* and *Iron Man/Captain America: Chastity of War*, with jaw-dropping art by Ben Oliver, who is fresh off a run on *Ultimate X-Men*.

2008 will herald big things for the Thunderbolts as they become major MAJOR players in the Marvel Universe, so don't miss out on a single Thunderbolts story! And

if you haven't been reading about the new Thunderbolts, pick up the *Thunderbolts by Warren Ellis Vol. 1: Faith in Monsters TPB* as stores now collecting the first story arc of the new Thunderbolts by Warren Ellis and Mark Donohue, along with the other first appearances of the team.

The Thunderbolts are the team to keep your eye on in 2008 and the one shot *Thunderbolts: International Incident* is one T-Bolts story that is not to be missed.
